Why choose us?

SILS is a PRU / alternative education school for 11-16 year olds excluded from mainstream schools, due to social emotional or mental health difficulties.

SILS is a 'Good School' (Ofsted, 2012 & 2015), where all staff are committed to achieving the best outcomes for learners.

The role

We are looking for an enthusiastic and motivated teacher of Mathematics with experience of raising attainment at secondary level. The successful candidate will be a graduate with Qualified Teacher Status and one with a proven track record of achieving high academic standards in a mainstream setting.

As the position involves leading the teaching of Mathematics at key stage 4, the successful candidate will be responsible for the design and implementation of a curriculum that will engage and deliver exceptional GCSE outcomes for our learners.

Experience of successful work with students with a range of additional needs and diverse academic abilities is essential. As well as willingness to lead or support sessions designed to narrow gaps in attainment out of hours.

Although the vacancy is based at key stage 4, interested applicants must be willing to work effectively across our two school sites (Porlock Hall SE1 and Davey Street SE15 6LF)

Interested? Then we would like to hear from you. Please have a read through the job description which is available on the schools website www.silsschools.org under Job Vacancies, and do note that only applications submitted on the schools form will be considered.
