Summer 1 — May 2023

ACHIEVEMENTS

**Best of luck to
Jordan as he
returns to
mainstream**

90%+ attendance
- **Lorriano M**
- **Dillon B**

**School reopens
after May half
term on Monday
5th June 2023**

Please call the office on
0207 525 1150 if you
have any queries.

HEADTEACHER'S ADDRESS

Dear Parents and Carers,

You will find detailed in this newsletter information on a range of exciting activities, events and trips that our students have engaged in over the last 6 weeks.

As we move into the final part of the summer, look out for information on a **residential trip for small group of students, the Year 9 transition week at KS4 and Functional skills examinations for Years 8 & 9.**

We ask that you continue to support our efforts by ensuring that your child attends school regularly and on time.

With best wishes for a restful break.

Yomi Adewoye
Headteacher

Science Museum

Some of our students visited the Science Museum in Kensington on 25th May 2023. The focus was to discover more about how mathematics and science are used in the world around us. The highlight of the trip was exploring the Wonderlab. They really engaged with the physical and tactile exhibits and apparatus. **Ms Reid , Maths**

London Dungeons

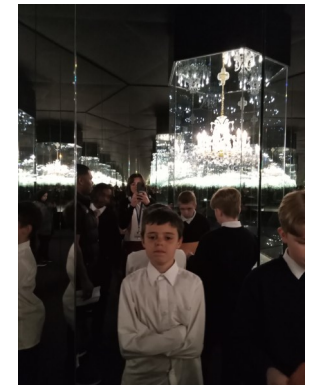

KS3 Students attended a trip to the London Dungeons for their current work in Drama and English. It was a unique and thrilling experience, where they were whisked back to London's most perilous past, meeting all the chilling and amusing characters! They met Sweeney Todd. Ms Lovett. Jack the Ripper, Guy Fawkes, just to mention a few.

Ms Lashgari-Estrella, Drama

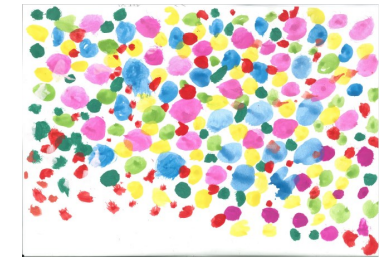

Tate Modern and the work of Yayoi Kusama

The students have been exploring the art work of Yayoi Kusama, in particular students have taken a keen interest in the mental health issues surrounded the life of Kusama. They have visited the Tate modern, explored her dot work online, and walked through her infinity rooms. Students have come back to the Art studio and begun creating their own infinity room. **Ms Simpson, Art**

In the room we saw the lights, it was very interesting and peculiar. It made me feel excited, because that's not something you see every day. I learnt that the artist has a mental health disorder and she sees dots and the only way she can get them out of her head is to paint them. **Hamza, Year 8**

Work by Shafiq, Year 9

Work by Jaya, Year 9

I wasn't expecting to like it but I thought it was very interesting. The lights were magical and I felt very at peace in there. It was very useful to learn about the artist. **Skye, Year 8.**
