The role

We are seeking an enthusiastic and organised Site supervisor to oversee our school site by ensuring it is maintained in a safe, clean and secure condition – to the agreed standards. You will be responsible for the maintenance of the grounds, utilities and ensuring that repairs are properly and promptly carried out whilst ensuring compliance with all health & safety regulations with respect to matters affecting cleanliness, security and maintenance.

The successful candidate will have previous premises or site supervisory experience. They must also have good communication, organisational and ICT skills, with an expectation to work calmly and efficiently under pressure.

A good understanding of the demands of work within an educational setting is desirable. We are particularly keen to hear from those with a background of work with young people and in educational settings.

Interested? Please have a read through the job description and application form which is available on the school's website www.silsschools.org under Job Vacancies, and do note that only applications submitted on the school's form will be considered.
